Love Spell Mia Kerick 2015-04-21 Strutting his stuff on the catwalk in black patent leather pumps and a snug orange tuxedo as this year's Miss (ter) Harvest Moon feels so very right to Chance Cesar, and yet he knows it should feel so very wrong. As far back as he can remember, Chance has been "caught between genders." (It's quite a touchy subject; so don't ask him about it.) However, he does not question his sexual orientation. Chance has no doubt about his gayness--he is very much out of the closet at his rural New Hampshire high school, where the other students avoid the kid they refer to as "girl-boy." But at the local Harvest Moon Festival, when Chance, the Pumpkin Pageant Queen, meets Jasper Donahue, the Pumpkin Carving King, sparks fly. So Chance sets out, with the help of his BFF, Emily, to make "Jazz" Donahue his man. An article in an online women's magazine, Ten Scientifically Proven Ways to Make a Man Fall in Love with You (with a bonus love spell thrown in for good measure), becomes the basis of their strategy to capture Jazz's heart. Quirky, comical, definitely flamboyant, and with an inner core of poignancy, Love Spell celebrates the diversity of a gender-fluid teen."

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Withered + Sere Tj Klune 2019-11-26 Once upon a time, humanity could no longer contain the rage that swelled within, and the world ended in a wave of fire. One hundred years later, in the wasteland formerly known as America, a broken man who goes only by the name of Cavalo survives. Purposefully cutting himself off from what remains of civilization, Cavalo resides in the crumbling ruins of the North Idaho Correctional Institution. A mutt called Bad Dog and a robot on the verge of insanity comprise his only companions. Cavalo himself is deteriorating, his memories rising like ghosts and haunting the prison cells. It's not until he makes the dangerous choice of crossing into the irradiated Deadlands that Cavalo comes into contact with a mute psychopath, one who belongs to the murderous group of people known as the Dead Rabbits. Taking the man prisoner, Cavalo is forced not only to face the horrors of his past, but the ramifications of the choices made for his stark present. And it is in the prisoner that he will find a possible future where redemption is but a glimmer that darkly shines. The world has died. This is the story of its remains.

Burn T. J. Klune 2012-02-06 Elementally Evolved: Book One Set in a world that closely resembles our own, Burn is a story of redemption and betrayal, of family and sacrifice, which leads to the greatest question of all: how far would you go to save the ones you love? Fifteen years ago, Felix Paracel killed his mother with fire that shot from his hands. Since then, he has hidden from forces bent on exploiting him and his fire and wind Elemental abilities. But Felix's world is about to change, because he is Findo Unum--the Split One--and his coming has been foretold for generations. Though Felix's arrival brings great joy to the Elemental world, it also heralds a coming darkness. No one knows this better than Seven, the mysterious man who rescued Felix from that horrible fire years ago and then disappeared... who now has returned to claim what's rightfully his: Felix's heart. But even as Felix begins to trust Seven and his feelings about his place in the world, the darkness reveals itself, bringing consequences no one could have predicted.
