Address of President Roosevelt at Chicago, Illinois, April 2 1903 Theodore Roosevelt
1999-01-01 This Elibron Classics title is a reprint of the original edition published by the Government Printing Office in Washington, 1903.

Is This Tomorrow 2016 Originally published in the midst of the cold war, Is This Tomorrow is a classic example of red scare propaganda. The story envisions a scenario in which the Soviet Union orders American communists to overthrow the US Government. Charles Schulz contributed to the artwork throughout the issue. Reprinted here for the first time in 70 years.

Assessing Russian Activities and Intentions in Recent Us Elections United States.

Office of the Director of National Intelligence 2017-01-06 This report includes an analytic assessment drafted and coordinated among The Central Intelligence Agency (CIA), The Federal Bureau of Investigation (FBI), and The National Security Agency (NSA), which draws on intelligence information collected and disseminated by those three agencies. It covers the motivation and scope of Moscow's intentions regarding US elections and Moscow's use of cyber tools and media campaigns to influence US public opinion. The assessment focuses on activities aimed at the 2016 US presidential election and draws on our understanding of previous Russian influence operations. When we use the term "we" it refers to an assessment by all three agencies. * This report is a declassified version of a highly classified assessment. This document's conclusions are identical to the highly classified assessment, but this document does not include the full supporting information, including specific intelligence on key elements of the influence campaign. Given the redactions, we made minor edits purely for readability and flow. We did not make an assessment of the impact that Russian activities had on the outcome of the 2016 election. The US Intelligence Community is charged with monitoring and assessing the intentions, capabilities, and actions of foreign actors; it does not analyze US political processes or US public opinion. * New information continues to emerge, providing increased insight into Russian activities. *

Document-Based Assessment Activities for Global History Classes Theresa C. Noonan 1999 Covers all significant eras of global history. Encourages students to analyze evidence, documents, and other data to make informed decisions. Develops essential writing skills.

The Wise Men Walter Isaacson 1997-06-04 A captivating blend of personal biography and public drama, *The Wise Men* introduces the original best and brightest, leaders whose outsized personalities and actions brought order to postwar chaos: Averell Harriman, the freewheeling diplomat and Roosevelt's special envoy to Churchill and Stalin; Dean Acheson, the secretary of state who was more responsible for the Truman Doctrine than Truman and for the Marshall Plan than General Marshall; George Kennan, self-cast outsider and intellectual darling of the Washington elite; Robert Lovett, assistant secretary of war, undersecretary of state, and secretary of defense throughout the formative years of the Cold War; John McCloy, one of the nation's most influential private citizens; and Charles Bohlen, adroit diplomat and ambassador to the Soviet Union.

Grand Expectations James T Patterson 1996 Interweaving key cultural, economic, social, and political events, a history of the United States in the post-World War II era ranges from 1945, through a turbulent period of economic growth and social upheaval, to Watergate and Nixon's 1974 resignation

The Global Rivals Seweryn Bialer 1989 Examines the major aspects of the relationship and rivalry between the U.S. and the Soviet Union

SALT II agreement United States. Department of State. Bureau of Public Affairs 1979 Nixon Gerald S. Strober 1996 The husband-and-wife team's interviews with Nixon intimates, aides, cabinet members, political opponents, journalists, and critics, such as George McGovern, Alexander Haig, and John Erlichman, offer insights into the man and his administration and attempt to answer some of the questions that remain after his death. Discussion covers Nixon's entire presidency, with analysis of domestic programs and foreign affairs, the Viet Nam War, and, of course, the Watergate affair. Appendices offer a Watergate crimes roster and profiles of interviewees. Annotation copyright by Book News, Inc., Portland, OR

Two Treatises of Government John Locke 1821 Two Treatises of Government by John Locke. Suggested reading for Randolph High School Summer Reading.

The Decision to Use the Atomic Bomb Gar Alperovitz 2010-12-29 With a new preface by the author Controversial in nature, this book demonstrates that the United States did not need to use the atomic bomb against Japan. Alperovitz criticizes one of the most hotly debated precursory events to the Cold War, an event that was largely responsible for the evolution of post-World War II American politics and culture.

Reading Like a Historian Sam Wineburg 2015-04-26 This practical resource shows you how to apply Sam Wineburg's highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

Princeton Review AP Biology Premium Prep 2021 The Princeton Review 2020-08-04 AP Biology Premium Prep, 2021, previously titled *Cracking the AP Biology Exam*, Premium Edition, will now include a total of 6 full-length practice tests. The Premium edition continues to provide students with comprehensive topic reviews of all AP

Biology subjects, from photosynthesis to genetics to evolution. It also includes strategies for all AP Biology question types, including grid-in and short free-response questions, and contains detailed guidance on how to write a topical, cohesive, point-winning essay. This Premium edition now includes 6 full-length practice tests (4 in the book and 2 online) for the most practice possible.

The Age of Eisenhower William I Hitchcock 2018-03-20 A New York Times bestseller, this is the “outstanding” (The Atlantic), insightful, and authoritative account of Dwight Eisenhower’s presidency. Drawing on newly declassified documents and thousands of pages of unpublished material, The Age of Eisenhower tells the story of a masterful president guiding the nation through the great crises of the 1950s, from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts. This is a portrait of a skilled leader who, despite his conservative inclinations, found a middle path through the bitter partisanship of his era. At home, Eisenhower affirmed the central elements of the New Deal, such as Social Security; fought the demagoguery of Senator Joseph McCarthy; and advanced the agenda of civil rights for African-Americans. Abroad, he ended the Korean War and avoided a new quagmire in Vietnam. Yet he also charted a significant expansion of America’s missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism. As he left office, he cautioned Americans to remain alert to the dangers of a powerful military-industrial complex that could threaten their liberties. Today, presidential historians rank Eisenhower fifth on the list of great presidents, and William Hitchcock’s “rich narrative” (The Wall Street Journal) shows us why Ike’s stock has risen so high. He was a gifted leader, a decent man of humble origins who used his powers to advance the welfare of all Americans. Now more than ever, with this “complete and persuasive assessment” (Booklist, starred review), Americans have much to learn from Dwight Eisenhower.

American Pageant David M. Kennedy 2015-01-01 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, “Contending Voices,” offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1?41); Volume 1: To 1877 (Chapters 1?22); Volume 2: Since 1865 (Chapters 22?41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Document-Based Assessment for Global History Theresa Noonan 2007-01-01 Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant

eras. Teacher support includes scoring rubric and tips for implementation.

Cold War & 1950s 2007 "Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present related primary source readings and/or images with analysis questions"--Page 4 of cover

The Education of Kim Jong-Un Jung H. Pak 2018-02-06 North Korea's opaqueness combined with its military capabilities make the country and its leader dangerous wild cards in the international community. Brookings Senior Fellow Jung H. Pak, who led the U.S. intelligence community's analysis on Korean issues, tells the story of North Korean leader Kim Jong-un's upbringing, provides insight on his decision-making, and makes recommendations on how to thwart Kim's ambitions. In her deep analysis of the personality of the North Korean leader, Pak makes clearer the reasoning behind the way he governs and conducts his foreign affairs.

The Cold War John Lewis Gaddis 2006-12-26 "Outstanding . . . The most accessible distillation of that conflict yet written." —The Boston Globe "Energetically written and lucid, it makes an ideal introduction to the subject." —The New York Times The "dean of Cold War historians" (The New York Times) now presents the definitive account of the global confrontation that dominated the last half of the twentieth century. Drawing on newly opened archives and the reminiscences of the major players, John Lewis Gaddis explains not just what happened but why—from the months in 1945 when the U.S. and the U.S.S.R. went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao, Reagan and Gorbachev. Brilliant, accessible, almost Shakespearean in its drama, *The Cold War* stands as a triumphant summation of the era that, more than any other, shaped our own. Gaddis is also the author of *On Grand Strategy*.

Herblock's History Herbert Block 2000 "Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50 years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000. Images of selected cartoons by Block are available online.

The History and Future of the World Trade Organization Craig VanGrasstek 2013 The History and Future of the World Trade Organization is a comprehensive account of the economic, political and legal issues surrounding the creation of the WTO and its

evolution. Fully illustrated with colour and black-and-white photos dating back to the early days of trade negotiations, the publication reviews the WTO's achievements as well as the challenges faced by the organisation, and identifies the key questions that WTO members need to address in the future. The book describes the intellectual roots of the trading system, membership of the WTO and the growth of the Geneva trade community, trade negotiations and the development of coalitions among the membership, and the WTO's relations with other international organisations and civil society. Also covered are the organisation's robust dispute settlement rules, the launch and evolution of the Doha Round, the rise of regional trade agreements, and the leadership and management of the WTO.

The World Is Flat [Further Updated and Expanded; Release 3.0] Thomas L. Friedman 2007-08-07 This new edition of Friedman's landmark book explains the flattening of the world better than ever- and takes a new measure of the effects of this change on each of us.

Decolonization and the Cold War Leslie James 2015-02-26 The Cold War and decolonization transformed the twentieth century world. This volume brings together an international line-up of experts to explore how these transformations took place and expand on some of the latest threads of analysis to help inform our understanding of the links between the two phenomena. The book begins by exploring ideas of modernity, development, and economics as Cold War and postcolonial projects and goes on to look at the era's intellectual history and investigate how emerging forms of identity fought for supremacy. Finally, the contributors question ideas of sovereignty and state control that move beyond traditional Cold War narratives. Decolonization and the Cold War emphasizes new approaches by drawing on various methodologies, regions, themes, and interdisciplinary work, to shed new light on two topics that are increasingly important to historians of the twentieth century.

Tensions Between the United States and the Soviet Union Dean Acheson 1950

Venona John Earl Haynes 1999-01-01 Reveals telegrams to prove Soviets spied in the 1930s and 1940s

The Tragedy of American Diplomacy William Appleman Williams 1988 One of the first modern historians to integrate economic realities into the study of American foreign policy, William Appleman Williams has been a diplomatic historian of major influence since the first publication of *The Tragedy of American Diplomacy*. In this pioneering book, "the man who has really put the counter-tradition together in its modern form" (*Saturday Review*) examines the profound contradictions between America's ideals and its uses of its vast power, from the Open Door Notes of 1898 to the Bay of Pigs and the Vietnam War.

Stalin Simon Sebag Montefiore 2007-12-18 This widely acclaimed biography of Stalin and his entourage during the terrifying decades of his supreme power transforms our understanding of Stalin as Soviet dictator, Marxist leader, and Russian tsar. Based on groundbreaking research, Simon Sebag Montefiore reveals the fear and betrayal, privilege and debauchery, family life and murderous cruelty of this secret world. Written with bracing narrative verve, this feat of scholarly research has become a classic of modern history writing. Showing how Stalin's triumphs and crimes were the product of his fanatical Marxism and his gifted but flawed character, this is an intimate portrait of a man as complicated and human as he was brutal and chilling.

Postwar Tony Judt 2006-09-05 Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year "Impressive . . . Mr. Judt writes with enormous authority." —The Wall Street Journal "Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history." —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

The European Union Kristin Archick 2019-09-15 The European Union (EU) is a political and economic partnership that represents a unique form of cooperation among sovereign countries. The EU is the latest stage in a process of integration begun after World War II, initially by six Western European countries, to foster interdependence and make another war in Europe unthinkable. The EU currently consists of 28 member states, including most of the countries of Central and Eastern Europe, and has helped to promote peace, stability, and economic prosperity throughout the European continent. The EU has been built through a series of binding treaties. Over the years, EU member states have sought to harmonize laws and adopt common policies on an increasing number of economic, social, and political issues. EU member states share a customs union; a single market in which capital, goods, services, and people move freely; a common trade policy; and a common agricultural policy. Nineteen EU member states use a common currency (the euro), and 22 member states participate in the Schengen area of free movement in which internal border controls have been eliminated. In addition, the EU has been developing a Common Foreign and Security Policy (CFSP), which includes a Common Security and Defense Policy (CSDP), and pursuing cooperation in the area of Justice and Home Affairs (JHA) to forge common internal security measures. Member states work together through several EU institutions to set policy and to promote their collective interests. In recent years, however, the EU has faced a number of internal and external crises. Most notably, in a June 2016 public referendum, voters in the United Kingdom (UK) backed leaving the EU. The pending British exit from the EU (dubbed "Brexit") comes amid multiple other challenges, including the rise of populist and to some extent anti-EU political parties, concerns about democratic backsliding in some member states (including Poland and Hungary), ongoing pressures related to migration, a heightened terrorism threat, and a resurgent Russia. The United States has supported the European integration project

since its inception in the 1950s as a means to prevent another catastrophic conflict on the European continent and foster democratic allies and strong trading partners. Today, the United States and the EU have a dynamic political partnership and share a huge trade and investment relationship. Despite periodic tensions in U.S.-EU relations over the years, U.S. and EU policymakers alike have viewed the partnership as serving both sides' overall strategic and economic interests. EU leaders are anxious about the Trump Administration's commitment to the EU project, the transatlantic partnership, and an open international trading system-especially amid the Administration's imposition of tariffs on EU steel and aluminum products since 2018 and the prospects of future auto tariffs. In July 2018, President Trump reportedly called the EU a "foe" on trade but the Administration subsequently sought to de-escalate U.S.-EU tensions and signaled its intention to launch new U.S.-EU trade negotiations. Concerns also linger in Brussels about the implications of the Trump Administration's "America First" foreign policy and its positions on a range of international issues, including Russia, Iran, the Israeli-Palestinian conflict, climate change, and the role of multilateral institutions. This report serves as a primer on the EU. Despite the UK's vote to leave the EU, the UK remains a full member of the bloc until it officially exits the EU (which is scheduled to occur by October 31, 2019, but may be further delayed). As such, this report largely addresses the EU and its institutions as they currently exist. It also briefly describes U.S.-EU political and economic relations that may be of interest.

The Decision to Drop the Atomic Bomb Dennis Wainstock 1996 This book is a balanced account of the political, diplomatic, and military currents that influenced Japan's attempts to surrender and the United States's decision to drop the atomic bombs. Based on extensive research in both the United States and Japan, this book allows the reader to follow the parallel decision-making in Tokyo and Washington that contributed to lost opportunities that might have allowed a less brutal conclusion to the war. Topics discussed and analyzed include Japan's desperate military situation; its decision to look to the Soviet Union to mediate the conflict; the Manhattan Project; the debates within Truman's Administration and the armed forces as to whether to modify unconditional surrender terms to include retention of Emperor Hirohito and whether to plan for the invasion of Japan's home islands or to rely instead on blockade and bombing to force the surrender.

Russia, America and the Cold War Martin McCauley 2013-11-04 The conflict between Russia and America shaped the world for over four decades. Both were universalist powers – they wanted every country in the world to copy their model of government and economy. They could not rest until the other side had been vanquished, and until the mid-1980s this included the prospect of nuclear war. In a new edition of one of the best-selling books in the Seminar Studies in History Series, Martin McCauley looks at the epic struggle between the two superpowers that put everyone in danger. In a clear and accessible manner, the book: Gives a succinct summary of the main turning points in the conflict Looks at how the whole world was sucked into the Cold War Shows how the arms race eventually bankrupted Russia Discusses whether or not America and Russia have learnt anything from this confrontation Also containing a Chronology, Glossary and Who's Who of key figures, this revised second edition of *Russia, America and the Cold War* is essential reading for all students of twentieth century history. Martin McCauley is a seasoned writer and broadcaster who has a wealth of experience in Russian and international affairs. His recent publications include *The Origins of the*
